Easy Rider II Aired at Las Vegas Bike Fest

Posted 10/4/2009 1:34:27 PM

The Ride Back', the first impressions of the first ever screening of the upcoming movie rocked the motorcycle world this weekend. Cast and crew are a bunch of great people and it has been a pleasure spending time with them.

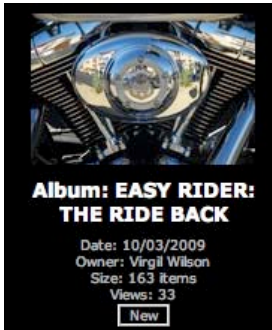

The cheat sheets they handed out are bad photocopies and incomplete. The main actors are identified and nobody should be offended for being left out...

Bikefest wrap-up to follow on the heels this coming week.
